To whom this may concern

I reported this to Christopher Stamper's attorney. I set Christopher Stamper up by sending pictures of him to the 11-yearold girl in Washington. One of the photos had Christopher's face in it. I told the girl to send me pictures of her. I used Christopher's phone to do this. I lied to Mr. Humphrey about using Christopher's phone, laptop and knowing the code to his phone. I lied about saying that he was cheating on me. I thought he was cheating on me with a girl named Lisa. (Jolly 123). I went under Christopher's name talking to her as Christopher.

To Whom it Concerns

1-18-2020

My son Christopher Stamper was arrest for sending a picture of himself to a 11 year old girl. Mr. Humphrey (PI) called me and Jiffinie Hale (Christopher's fiancée) in for questioning. When they asked her has she ever used Christopher's Phone she said no. They asked her did she know his code to open his phone she said no. They asked her had she every used any of his electronics she said no. They asked her if she and Christopher ever watched Adult pron she told them no. Which I did not know if they did or not. But later Jiffinie told me they did. I asked her when we got back home why did she lie about not using his electronics she said I dont know. I asked her why didn't you give them the code to get

into his phone? She said if they want it they can get it their self. I asked Jiffinie where this picture of Christopher came from. She said I asked him to send one to me. I asked her why when yall live together and with each other 24 hours a day. She said I don't know. They also asked her if she thought Christopher was cheating on her and she said no but she accused him of cheating everyday all day long. When I asked her why she lied about that she said again I don't know. A few days later she came up to me and said I should had told the truth. I asked her what was she talking about she said I did it. I asked her up did what she said I sent the picture of Christopher to the 11 year old girl. I asked her why? She said because her dad threatened their lives.

She has told several people that she did it. There was this lady named Lisa that Christopher was playing games with online and Jiffinie had to add her on her friends list because she was on Christopher's friends list. Christopher could not have any friends unless Jiffinie had them on her friends list. I heard that Jiffinie got Christopher's phone and was talking to this Lisa woman as Christopher. I seen in the text where who ever sent it to the 11 year old girl that they slipped down the steps. The only one that slipped down the steps was Jiffinie. I even messaged her asking her wasn't that her that slipped down the steps year before last and she said yes. I even asked her did anyone else slipped down them and she said no. Which I knew she was the only one.

It is not right that my son is locked up for something that someone else done. Siffinie's family has had done nothing but cause trouble and her father did threaten Christopher. I heard it myself on a speaker phone. They would even call the sheriff's office and tell them we were holding Siffinie against her will. They came out many of times to check and one officer even called them from here to stop calling them that she is fine and not being held against her will because she was outside when I pulled up. But I know she had to still be in contact with them. Because the girl that did live beside us said Siffinie's sister was on her messenger and would ask her questions about what was going on over here. Siffinie's sister could not had known

that girl's name without
Siffinie telling her. Plus
the day before Christopher was
arrested again Siffinie's sister
sent Christopher another friend's
request on Facebook. He showed
it to me and he deleted it.
The next day Christopher was
arrested again. Then the next
day the Sheriff's department
came out saying Siffinie's
sister called them concerned
for Siffinie. We hadn't heard
from her family close to a
year. Then when I tell Siffinie
that it almost a year and
the Courts was still putting his
Court off everytime we went
then it will probably get
throwed out. Then the following
month we start hearing from
her family and Christopher
ends up back in jail. She was
here the other day and wrote a
statement saying she did it.

Its not right that my son
has been locked up for over
a year now when he didnt
do this. He has "Never" been
in any kind of trouble at
"ALL" !!

Thank you

Tiffanie Hale was talking to me one day and stated that she was concerned because her Fiance' Christopher Stamper, Sr. had not called her in a couple of days. She stated that she thought he might be upset with her because he had found out that she had sent inappropriate pictures to someone. She told me that it was a picture that Christopher Stamper, Sr. had sent it to her and that she didn't see why it would be a problem because they had sent those types of pictures to each other before.

Re: United States District Court Vs. Christopher Joe Stamper, Case No. 3:19-Cr-00033-01, Western District Of Louisiana Monroe Division; United States Of America Versus Judge Doughty Mag. Judge Karen L. Hayes

Dear Mr. Stamper,

You called yesterday and advised me that Ms. Allen would not be representing you in your case, and that you desired to withdraw your plea. I advised you I would have to research that issue, as withdrawal of a plea is not always granted.

You also wanted to discuss the evidence they had against you. We discussed this at length, with the investigator prior to your decision to enter a plea. We discussed and I read to you statements made on the text now account. We also discussed the response from the forensic examiner of the phones and the investigator to try to obtain exculpatory evidence in your favor. Likewise we discussed the mental evaluations and the results. After those discussions you decided to plead guilty.

I have reprinted for your review, the redacted portions of the Black Diamond, Washington Police reports, as well as both Ouachita Parish Sheriff's office reports. I have also enclosed a redacted version of the Text Now discussions. I have high lighted several passages which in my opinion, if provided to a jury in the context that he officer's will describe in testimony, will likely lead to a conviction.

As your investigator and I advised you when you met, Tiffany's statements are not all that credible. She sounds as though she is half-heartedly trying to save you. A copy was forwarded to the AUSA on your case, and she has stated that she does not believe the statements. That said, Tiffany's conduct and contact, even if true, appears, based on her statements,

If Asst. U.S. Attorney doesn't believe Tiff's statement about setting up Chris - why believe Tiff's statement that she didn't use his devices to catch porn

Procs 711 lied about using Chris's device

(Lisg) Tif admitted she pretended to be Chris's
and seduced Lisg - sent pics of Chris. received ~~pics~~ ^{pics}

likely confined to another adult and not the child at issue in these matters. Further any exculpatory information regarding your actions in November, will be ameliorated by your arrest for child pornography earlier in the year. The forensic examiner did not find any signs of tampering on the phones. ^{from Lisg}

Considering this, you elected to plead guilty because of your chances at trial exposing you to so many more years. The benefits of your plea was a cap of your sentence of 20 years. Considering the highly punitive nature of cases of your type, this was not a bad deal.

I need to know as soon as possible whether you wish to forfeit your deal or whether you wish to try to resume the path we have started. Please advise me immediately.

Sincerely,

Walt Caldwell
